volcanic limestone baths

A lifetime of luxury bathing

Victoria + Albert Baths was born out of a passion for luxury bathing.

The vision was simple: to set the standard for style, innovation and performance in bathing products. Today, 25 years after Victoria + Albert was founded, our award-winning baths and basins are found in some of the world's most desirable homes and hotels.

Luxury is in the detail. From the quality craftsmanship and materials that go into each of our products, to the support from experts in our customer services team. We deliver all over the world, each order rapidly dispatched from our international distribution centres. With the peace of mind of a 25-year residential guarantee* choosing Victoria + Albert is not just a purchase, but an investment for life.

Terms & conditions

Victoria + Albert Baths was born out of a passion for luxury bathing. The exact colour and finish of products may vary from those depicted in this brochure. We always recommend that consumers visit their nearest Victoria + Albert approved stockist, details of which can be obtained through our website, www.vandabaths.com Victoria + Albert pursue a policy of continual development and improvement and as such, product specifications may be changed without prior notice. All dimensions listed herein are only intended as a guide. Being cast products they are subject to a size variance of +/- 5%.

What is QUARRYCAST™ ?

Our specially developed QUARRYCAST™ material is made from a unique blend of Volcanic Limestone™ and high-performance resins. Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from

the magma transforms the neighbouring rock into a new material made up of incredibly hard strands. We blend milled Volcanic Limestone™ rock with high quality resins to bind these strands into a complex 3D matrix.

The finished result is QUARRYCAST™ - a world class stone composite that delivers unrivalled strength, durability and beauty.

What are the benefits of QUARRYCAST™?

- **Easy to clean:** the naturally glossy surface is easy to wipe clean.
- **Warm:** warm to the touch with high insulating properties, keeping your bath water warmer for longer.
- **Scratch and stain resistant:** the naturally white, glossy surface is incredibly durable, and resistant to hair dyes and bath oils.
- **Strong:** QUARRYCAST™ is solid all the way through - more than twice as hard as acrylic with no creaking or flexing.
- **Lightweight:** surprisingly lightweight, the average weight of our baths is just 72kg
- **Guaranteed*:** 25-year consumer guarantee, 8-year commercial guarantee.
- **UV stable:** Baths and basins can be installed outdoors without compromising the material strength or colour.
- * Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits & plating on feet. This does not affect your statutory rights.

A world of colour

Personalise.

Personalise the exterior of our freestanding baths and basins to coordinate with the rest of the bathroom's design. Choose from a spectrum of RAL colours in either gloss or matt finishes. Each finish is multi-layered using a special catalysed paint, with hand polishing between applications. The technique results in an exceptional depth and lustre to the finish, and is considerably more durable than hand painted surfaces. Visit www.vandabaths.com to view the whole range of colours.

i Victoria + Albert Baths define "gloss" at a 90% gloss level, and "matt" at a 20% gloss level.

QUARRYCAST™ finishes

Our baths and basins are available in two finishes; Gloss and Matt. Both finishes are cast in our signature QUARRYCAST™ material, which is naturally warm to the touch, reassuringly durable, and guaranteed for 25 years. And what's more, they can be personalised with our selection of RAL colours.

Gloss (SW) Our signature finish is glossy on the inside and outside. Hand polished to produce a beautifully smooth sheen, our gloss finish has been a market leader for over 25 years. Every bath and basin across our portfolio is available in our Gloss finish.

SW

QUARRYCAST™ White.

SM

QUARRYCAST™ Standard Matt.

Matt (SM) Victoria + Albert's Matt finish is different. Made in the cast, not by coatings or glaze, it is '100%' Matt. It has a velvety feel, gentle against the skin. Our Matt finish is available across a selection of our baths and basins in South Africa:

Baths:

Amalfi	Corvara™	Napoli
Amiata	ionian	Seros 1
Amiata 1	ios	Seros 2
Barcelona	Mozzano	Seros 3
Barcelona 1	Toulouse 1	Seros 4
Barcelona 2	Vetralla	Ledro
Barcelona 3	Vetralla 2	

Basins:

Amalfi 55	ios 54	Laceno 49
Barcelona 48	Napoli 57	Laceno 52
Barcelona 55	Seros 55	Laceno 56
Barcelona 64	Barcelona 53	Laceno 57
Corvara™ 55	Barcelona 56	

* Note that our Matt products have special care instructions and should only be cleaned with soap, water and a soft cloth. Scouring or the use of abrasive cleaning materials will affect the surface finish.

Manhattan,
New York, USA

Photography by: Marili Forastieri
Design by: Tara Benet Design

The Amalfi's softly contoured sides descend gracefully to the floor. Uncluttered by waste pipe work and an extended backrest that provides full head support; the bath is essential for those long luxurious soaks.

Baths with a void space.

To ease the installation of waste plumbing and create a seamless aesthetic, a number of our freestanding baths are designed with a void space. The additional space underneath the bathing well reduces the need to disturb solid flooring.

								
Amiata 1500	Barcelona 1500, 1700, 1800	ionian	Monaco	Pescadero	Taizu	Toulouse 1800, 1500	Worcester	Ledro

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins.

Victoria + Albert blends milled volcanic Limestone™ with high quality resins to bind these strands into a complex 3D matrix. The finished result is QUARRYCAST™ - a world class composite with an exceptional strength to weight ratio.

QUARRYCAST™

25
years

At Victoria + Albert, our baths and basins are crafted exclusively from Quarrycast™. Being rich in Volcanic Limestone™, this unique composite is more than twice as strong as other materials.

- QUARRYCAST™ has outperformed rival solid composites in strength tests conducted by independent material testing experts, Lucideon*.

Unlike solid stone, QUARRYCAST™ is warm to the touch, possessing superlative heat retention properties for a luxury bathing experience every time.

- QUARRYCAST™ surpasses alternative materials in laboratory tests on bath water heat retention, conducted by independent material testing experts, Lucideon*.
